Profile	I'm a student seeking summer job or internship as fact-checker, editorial assistant, or similar. I'm interested in philosophy, literature, history, art, and science, and am eager to learn more about writing, editing, research, design, and the media industry. I'm looking for a career in academia, teaching, and/or publishing.
Education	King's College London – MSci, Physics & Philosophy, 2016–2020 (Expected: 77/100) UC Berkeley – BA (Discontinued), Physics & Philosophy, 2015–2016 (3.68/4) Wang Sports Academy – Norwegian Upper Secondary Education, 2011–2014 (5.98/6)
Activities	Co-conducting a study on Philosophy in Medicine, planned 2020 Co-organized reading group on The Phenomenology of Mental Disorder, 2019–2020 Co-organized reading group on Systems Theory and Tektology, 2019–2020 Co-wrote class materials for a graduate level Physics class, 2019 Co-edited articles, poems, and short stories for Phi Magazine, 2018–2019 Co-organized reading group on The Epistemology of Disagreement, 2018 Co-organized debate training classes for young adults, 2018
Interests	In my spare time I read and write fiction and philosophy, watch movies, cook, and go for walks, runs, and bike trips around London. I like to stay active. Observant Londoners can catch me in various cafes, libraries, and pubs with a friend, a book, or a notebook.
Work experience	Specialist philosophy teacher, Philosophy Foundation; London, UK – 2018–Present * Freelance with The Philosophy Foundation, charity 1140338 in the UK. I teach children and young adults to engage with and do philosophy. I write and design pedagogical material and methods with the aim of developing playful, creative, and critical thinking. Currently training to become a mentor for other philosophy teachers. Physics Undergraduate Mentor, King's College London, UK – 2018 Private tutor, The Profs Tuition; London, UK – 2019–Present Private tutor, Spires; London, UK – 2019–Present Private tutor, MyTutor; London, UK – 2017–Present * Freelance one-to-one tutor, with mostly online work through Skype, Zoom, and other proprietary platforms. Over 300 hours experience tutoring mathematics, physics, and philosophy from GCSE pupils to university students; 5/5 rating with all companies. Security Guard, Nokas and Skan-kontroll; Stavanger, Norway – 2013–2019 * Part time and summer job as reception worker handling incoming calls, mail, email, and visitors. Further experience as cash-in-transit driver and plainclothes security.
Skills	Good research skills, including literature-review and essay-writing experience. Native English and Norwegian speaker. Proficient in mathematics, physics, Python, and LaTeX. Experienced with office applications such as Excel, Exchange, Skype, Slack, etc. Self-taught in coding, design, and deployment of static and responsive HTML5 websites.
References	Available upon request.
